ITEM	THE ECLIPSE PREMIER	THE TOTAL ECLIPSE	THE SOLAR ECLIPSE	THE ECLIPSE
MODEL HIGHLIGHTS				
Model Description	Ultra premium grade lateral arm	Heavy duty lateral arm	Ultra premium grade cassette style lateral arm	Premium grade lateral arms
When would you select this model	More rugged system with a longer projection option	Very windy situations or for maximum projection	Clean sleek European design	Basic sun protection
Actual customer ratings	4.9 out of 5.0	4.3 out of 5.0	5.0 out of 5.0	4.9 out of 5.0
Unique model features	Conceal arm belt and seal bearing elbows for a quiet and smooth operation	Largest projection lateral arm you can buy in the states	Compact design, semi and full cassette with drop shade option	Cross arm configurations for narrow widths and longer projections
Maximum size (with or without std. aluminum hood)	Up to 40' wide x 13' projection	Up to 40' wide x 16'6" projection	Up to 23' wide x 13' projection	Up to 40' wide x 11'6" projection
Maximum size with semi cassette hood (SC) or full cassette (FC)	SC - Up to 23' wide x 13' Projection	N/A	23' Wide x 13' projection for FC and SC	SC - Up to 22' wide x 11'6" projection
Unit projection range	6'7", 8'2", 10'6", 11'6" & 13'0"	14'9" & 16'6"	8'2", 10'6", 11'6" & 13'0"	5'0", 7'4", 9'0", 10'6" & 11'6"
Mounting options	Wall, soffit & roof	Wall, soffit & roof	Wall, soffit & roof	Wall, soffit & roof
Standard unit operation	Plug-in motor with override motor feature, remote controlled	Plug in motor with override motor feature, remote controlled	Plug-in motor with override motor feature, remote controlled	Plug-in motor with override motor feature, remote controlled
